PROFILE

I am a Front-End Developer adept in HTML, CSS, JavaScript, SASS, and Angular. I specialize in crafting sleek, user-friendly interfaces that elevate web experiences. I am looking for a challenging position where I can utilize my technical skills and creativity to contribute to the development of helpful and user-friendly websites.

WORK EXPERIENCE

FRONT END DEVELOPER
ProfEdge Solutions Pvt. Ltd
November 2019 - February 2021

- Contributed to the development and enhancement of the company's cloud-based product, utilizing front-end technologies such as HTML5, CSS3, Bootstrap and Angular.
- Collaborated closely with cross-functional teams, including back-end developers and designers, to ensure seamless integration and optimal user experience.
- Developed and maintained a custom Content Management System (CMS) and portal for a client, enabling efficient content creation, management, and delivery.
- Implemented responsive design principles to ensure a consistent and user-friendly experience across various devices and screen sizes.
- Served as a UI developer for the static Website project, converting Figma designs into responsive websites.
